POPULATION AND DWELLINGS IN LOCAL GOVERNMENT AREAS

SOUTH AUSTRALIA

31st December 1964

SCOPE This bulletin shows the area, number of private dwellings, and population, in each local government area and statistical division in South Australia at the Census of 30th June 1961 with estimates at 31st December 1964.

The estimate of State population at 31st December 1964 is based on Census population plus natural increase and recorded net migration.

Changes in the estimated populations of local government areas are based mainly on changes in the recorded numbers of private dwellings and changes in occupancy of major hostels, camps, etc.

Private dwellings consist mainly of private houses, shares of private houses, flats, and apartments, and include both occupied and unoccupied dwellings. Hostels, boarding houses, hotels, hospitals and other institutions, and small holiday houses built since the 1961 Census have been excluded.

The December 1964 estimates of private dwellings have been derived from June 1961 Census results and from the latest available information on completion of new dwellings, demolition of houses, and conversion of houses into business premises from 1st July 1961 to 31st December 1964.

Particulars of the demolition and conversion of dwellings and of inter-state movement of population are incomplete; hence estimates of both population and dwellings are subject to amendment as more definite information becomes available.

Estimated populations have been rounded to the nearest hundred persons for metropolitan municipalities and to the nearest fifty persons for all other local government areas. In all local government areas estimated numbers of private dwellings have been rounded to the nearest ten. Some minor changes in population figures for December 1964 may be the result of "rounding".

Because of the factors mentioned above ESTIMATES FOR INDIVIDUAL LOCAL GOVERNMENT AREAS SHOULD BE REGARDED AS PROVIDING A GENERAL GUIDE ONLY.

COMMENT It is estimated that in the six months from 30th June 1964 to 31st December 1964 the State population increased by 13,043 persons (1.26 per cent).

The population of the Metropolitan Area is estimated to have increased by 4,400 persons, the largest estimated increases for individual municipalities being 1,200 persons in Campbelltown, 900 in Marion, 800 in Mitcham, 700 in Enfield, and 600 persons in Port Adelaide.

For the near-metropolitan area the estimates show continuing rapid growth in the local government areas of Elizabeth and Salisbury (a total estimated increase of 4,200 persons), Tea-tree Gully (an estimated increase of 1,750 persons), Munno Para (an estimated increase of 1,150 persons, mostly in the vicinity of Elizabeth), and Noarlunga (an estimated increase of 850 persons). Separate figures are shown for Elizabeth and Salisbury following their separation from 1st July 1964.

In other country areas the greatest change was an estimated increase of 600 persons to a total of 18,250 persons in Whyalla.
